

# ***THE GEOLOGICAL SOCIETY OF NAMIBIA***

## **Uranium Conference**

**26 - 27 March 2026**

**Swakopmund Entertainment Centre**

### **SECOND CIRCULAR - Call for Sponsorships**

The Geological Society of Namibia invites all interested practicing earth scientists, metallurgists, mining engineers, ecologists and other stakeholders to a Uranium Conference in Swakopmund, from 26 to 27 March 2026 at the Entertainment Centre.

Uranium as a mineral commodity has played a vital role in the economy of Namibia for the last 50 years. As uranium poses an ongoing opportunity for mining and exploration within the country, we hope that the conference provides a welcome occasion for taking a comprehensive view of the main opportunities pertaining to this commodity. The Geological Society is committed to hosting a diverse and accessible conference.

The event is set out for the following scope and talk categories:

- i) Geology and Metallogeny of Uranium Deposits
- ii) Nuclear Energy and Energy Markets
- iii) Mining and Processing Nuclear fuel minerals
- iv) Innovation and addressing commodity challenges
- v) ESG and Corporate Social Responsibility of the Uranium Industry

**To host a high-quality scientific conference requires financial support, as such we would like to invite interested sponsors to contact us. The conference will provide various forms of marketing and advertising for your organisation, as well as industry networking.**

If interested in submitting an abstract and providing a talk or poster, kindly complete the questionnaire at this link: [Uranium Conference - Questionnaire](#) or directly email your abstracts to us.

Comments and suggestions relating to the envisaged event are welcome. All communication to be sent to: **[geolsocnamibia@gmail.com](mailto:geolsocnamibia@gmail.com)**

We look forward to welcoming you all to the conference,

**Yours sincerely,**

**Organising Committee**
