

THE GEOLOGICAL SOCIETY OF NAMIBIA

Uranium Conference

26 - 27 March 2026

Swakopmund Entertainment Centre

THIRD CIRCULAR - Call for Talks & Posters

The Geological Society of Namibia invites all interested practicing earth scientists, metallurgists, mining engineers, ecologists and other stakeholders to a Uranium Conference in Swakopmund.

Uranium as a mineral commodity has played a vital role in the economy of Namibia for the last 50 years. As uranium poses an ongoing opportunity for mining and exploration within the country, we hope that the conference provides a welcome occasion for taking a comprehensive view of the main issues and opportunities pertaining to this commodity. The Geological Society is committed to hosting a diverse and accessible conference.

The event is set out for the following scope and talk categories:

- i. Geology and Metallogeny of Uranium Deposits**
- ii. Nuclear Energy and Energy Markets**
- iii. Mining and Processing nuclear fuel minerals**
- iv. Innovation and addressing commodity challenges**
- v. ESG and Corporate Social Responsibility of the Uranium Industry**

Template for the abstracts: https://geolsocnamibia.org/wp-content/uploads/2025/09/250724_GeolSoc_U2026Conf_TemplateAbstracts_OK.docx

We would like to invite interested parties to email us their talks and or posters to geolsocnamibia@gmail.com. Comments and suggestions relating to the envisaged event are welcome. All communication to be sent to: **geolsocnamibia@gmail.com**

We look forward to welcoming you all to the conference,

Yours sincerely,

Organising Committee
